

Where our Ag Products are Grown or Raised

This map shows the agricultural regions in Colorado separated out from the state map.

Not every crop or type of livestock is shown on this map. This is a simplified representation for educational purposes.

Map created by the Colorado Foundation for Agriculture, www.growingyourfuture.com.

hay	dairy products	nursery/greenhouse crops	barley	hogs and pigs	all other grain
sheep lambs	dry beans	eggs	sunflowers	sorghum	potatoes
